# 2 Thumbs Up!

The Belize Defense Forces are currently participating in a Subject Matter Expert Exchange (SMEE) about Military Police Operations. Warrant Officer Class I Chavez, the Belize Force Sergeant Major, Sergeant Joseph, the Provost Marshal for Belize, and Lance Corporal Zuniga, a Force Police Officer, participated in the 4-day SMEE. The SMEE was hosted by the 773<sup>rd</sup> Military Police Battalion, commanded by MAJ Randall Beauregard Bradford through Louisiana National Guard's state partnership program with the country of Belize. The SMEE's give officials from countries the opportunity to share military information with each other through discussions and observing training. The information sharing allows each country to utilize the best practices. Warrant Officer Class I Chavez said that when he observed the 773<sup>rd</sup>, Soldiers were "...fast learners and well disciplined. The motivation of the instructors carried over to the Soldiers." He said the way the Soldiers "carry themselves showed they were eager to train."

Sergeant Joseph is the Provost Marshal for the Belize Defense Force. He is a Subject Matter Expert in Investigation. Sergeant Joseph completed the Military Police Intelligence Course at Fort Leonard Wood. He said the Force Police (FP) of Belize and the Military Police (MP) of the United States are similar.

## Scripture of Day

*Knowing this first,  
that no prophecy of  
the scripture is of  
any private  
interpretation. For  
the prophecy came  
not in old time by the  
will of man: but holy  
men of God spake  
{as they were}  
moved by the Holy  
Ghost.*

**2 Peter 1:20-21**

# jokes

**Q:** Why were the  
teacher's eyes  
crossed?

**A:** She couldn't  
control her pupils.

## Quote of the Day

*Never doubt that a  
small group of  
thoughtful citizens  
can change the  
world. Indeed, it is  
the only thing that  
ever has.*

## 2 Thumbs Up!

continued from page 1

Lance Corporal Zuniga is 1 of 12 Force Police Officers for the Belize Defense Force. Her responsibilities include maintaining the discipline of soldiers and controlling prisoners. If there is a situation, such as a civil disturbance on a military installation in Belize, a Force Police Officer is sent to that location. The Force Police Officer may then detail a Belize Defense Force soldier to assistance with the developing situation. Lance Corporal Zuniga said that she has done this many times. Sergeant Joseph said the significant difference between FP's and MP's is that "...the Force Police are cross-trained in Infantry." He said that he "...can use the techniques he observed for close-quarter firing, self defense, and the use of firearms: that he observed during this SMEE.

US Southern Command, which includes countries in Central America, South America, and the Caribbean, in coordination with the National Guard Bureau facilitates State Partnership Programs. State Partnership Programs pairs states and countries together that have similarities. Louisiana has two partnerships. One partnership is with the country of Belize through the US Southern Command. Through the US Southern Command's TCA program, Subject Matter Expert Exchange (SMEE) is funded to support the state partnership programs. Not only do officials from Belize visit Louisiana to attend SMEE's, officials from the United States, visit Belize to attend SMEE's to gain more information and knowledge. The other partnership is through US Central Command with the country of Uzbekistan. MAJ Virginia Cordery said, "Louisiana has one of the best if not the best state partnership program in the US Southern Command. The success is credited to MG Landrenau's involvement and continuous support as well as his vision to advance and extend the partnership through innovative thinking and going beyond the average state's partnership to increase military and public relations with Belize." Sergeant Joseph concluded the interview saying, "This is my first time to Louisiana. I only have two thumbs, so I give two thumbs up to Louisiana!"
